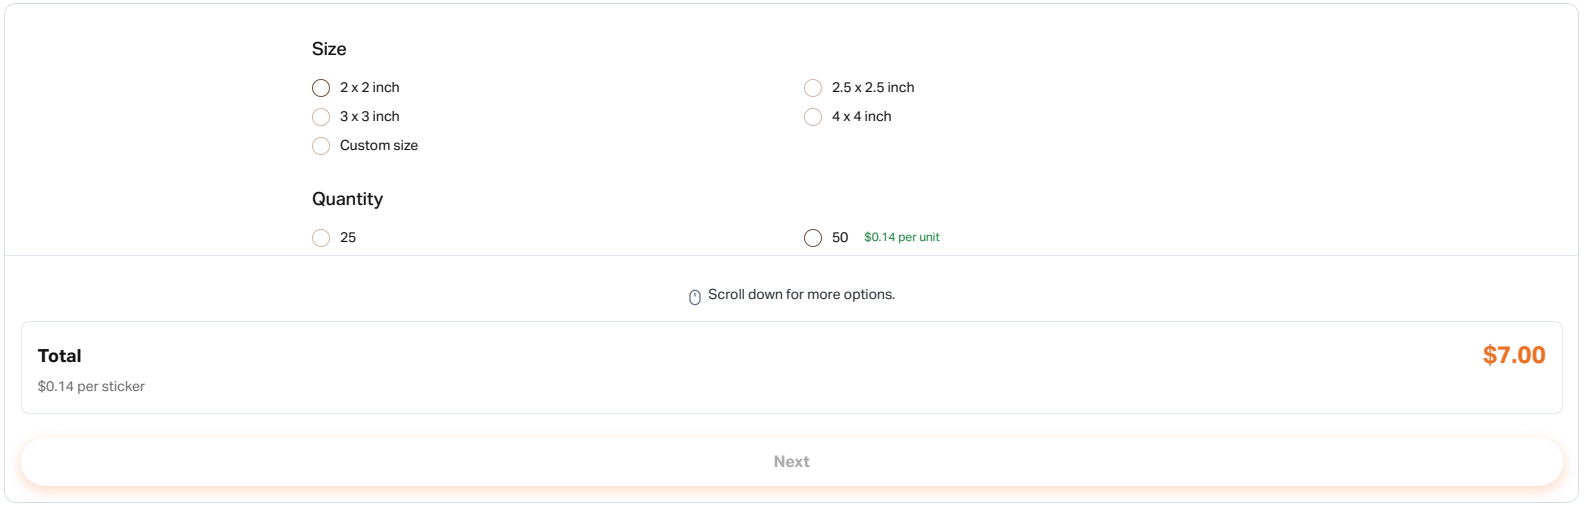
FEEL GOOD STICKERS

On Sale Custom Economy Sticker Packs (Vinyl)



Our Original budget friendly Stickers with a new title! Get your favorite sport team, animal, pet, business or even your favorite person as a sticker today woth our Economy Stickers!

Just upload your favorite image and let us bring it to life!

KEY FEATURES

Gloss or Matte Finish

Durable Vinyl Materials

Water, Dishwasher & Oil Resistant

Full Color Printing – No extra charge per color

Limit of 5 artworks per sticker pack if more then 5 are sent that will delay proof creation

Eco-friendly inks and materials

Our **Economy Vinyl Stickers** are a budget-friendly alternative to our premium vinyl line — perfect for those who still want that professional, high-quality look and feel at a more affordable price. These stickers are printed in full color in your choice of gloss or matte finish for extra personalization.

The vinyl **material** is thinner and lighter than our vinyl film, making it flexible and great for a variety of applications — from product packaging and mailers to laptops, bottles, or any smooth surface. While still water- and dishwasher-resistant, the vinyl film offers **moderate sunlight resistance (around 2-3 years outdoors)** compared to the 5-year lifespan of our premium vinyl option.

Make your stickers **any shape you want** — circle, square, rectangle, oval, or die cut to match your design — without paying more per color!

Proofing & Production

• You can now get your proof in less than 2 minutes! Just upload your desired artwork, logo, design and or photo and you can see you preview in less then 2 minutes with our new proofing software. Approve and proceed with payment and we will send straight to production!

If you are not happy with your automated proof you can still get help from our designers by selecting "I need a Manual Proof" While in the checkout process. Here is timeline for Manual Proofs:

• 1 artwork per pack – Proofs delivered within 24–72 business hours.

Customers may order multiple packs with different designs. As long as each pack contains only one artwork, the proof timeline remains 24–72 hours.

• 2 or more artworks in the same pack – Proofs delivered within 3–5 business days.

Packs with multiple designs require additional preparation, including creating individual cut lines and layout setup for each artwork to ensure every sticker prints and cuts correctly.

Recommended Files for Faster Proofs

For the fastest proof turnaround and the best print quality, we recommend uploading vector files such as PDF, AI, or EPS.

If your file already includes a vector outline or cut line around the design, our team can prepare proofs even faster.

We also accept PNG and JPG files, but these may require additional processing to create clean cut lines.

Artwork Quality Tips

To ensure your stickers look amazing:

• Upload high-resolution artwork (300 DPI recommended)

• Avoid blurry or low-resolution images

• Use vector files whenever possible

Low-resolution or complex files may require additional cleanup before proofing.

3-6 business days production after proof approval

Lead times may also be affected by high demand as a growing small business offering industry best pricing and quality we do have very high demand and lead times are subject to change based on demand, we are continuously working to improve lead times to assure your orders leave promptly.
